

Air-core drilling being undertaken at the Tandarra Gold prospect by Navarre Minerals.

Tandarra drilling completed

STAWELL - Stawell based company, Navarre Minerals Limited has announced the successful completion of an air-core drilling program at the company's one hundred percent owned Bendigo North Tandarra Gold prospect.

The company was delighted with the completion of the 21 hole, 1600 metre air-core drilling program that commenced on May 7.

The Tandarra Gold prospect is 40 kilometres north and along strike of the Bendigo Goldfield. Previous air-core drilling at the Tandarra prospect intersected high grade gold mineralisation within a corridor of gold and quartz

mineralisation of over seven kilometres in strike length.

The air-core drilling program was completed on May 15. Five drill traverses were completed over the southern 1.2km strike of the Tandarra prospect. All holes intersected basement rocks below shallow cover of between 19 and 61 metre thickness.

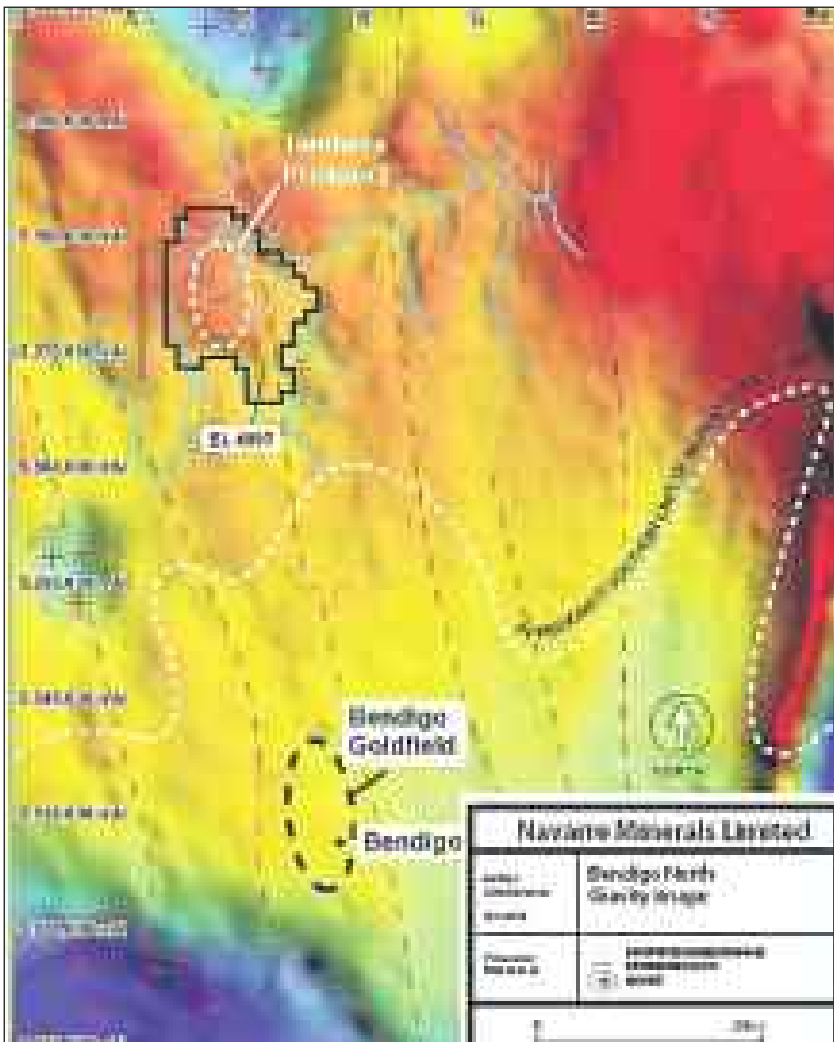

The company is using the Bendigo Goldfield as a geological model and is encouraged by the intersection of a prominent quartz reef structure and significant quartz veining in 12 of the 21 holes drilled.

The quartz is commonly associated

with limonite and / or haematite which is indicative of gold mineralisation in the oxide zone observed elsewhere within this mineralised corridor.

The company has targeted gold mineralisation which it believes is located within the hinge zone of a major anticlinal fold referred to as the Tandarra Anticline which incorporates several high grade intersections discovered in 2006 and 2007.

The remaining samples from the completed holes will be dispatched for gold assay, with results expected in June.

Tenement on an interpretation of the regional gravity image showing relationship of the Tandarra Prospect to the Bendigo Goldfield.

Happy Wanderers dance up a storm

GREAT WESTERN - The Happy Wanderers Great Western Dance Group conducted a successful dance at the Great Western Hall in April.

Visitors from Melbourne, Ballarat, Gippsland and Adelaide travelled to attend the April 19 dance.

Lucky partners were Margaret Ryan and Ian Croft from Ararat, while lucky spot prizes went to Bob and Marie Cray of Stawell.

The competition was won by Jim Walker of Ararat and the door prize of a petrol voucher donated by Caltex Stawell was won by Jim Murphy.

Those attending the dance enjoyed music provided by Jan Murphy of Ararat.

Happy Wanderers Great Western Dance Group will conduct their next dance on Friday, July 29.
