The information in this report that relates to Exploration Results, Mineral Resources or Ore Reserves is based on information compiled by Geoff McDermott, who is a Member of The Australian Institute of Geoscientists and who is Managing Director of the company. Mr McDermott has sufficient experience which is relevant to the style of mineralisation and type of deposit under consideration, and to the activity which he is undertaking, to qualify as a Competent Person as defined in the 2004 Edition of the 'Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves'. Mr McDermott consents to the inclusion in the report of the matters based on his information in the form and context in which it appears.

About Navarre Minerals: Navarre is a Victorian based explorer with four main exploration projects in central and western Victoria with the potential for large gold and copper-gold-zinc deposits.
