2. REVIEW OF OPERATIONS

Financial Results

The loss after tax of the Company for the half-year was \$205,827 (31 December 2012: loss after tax of \$325,316).

Summary of Operations

The focus of Navarre's exploration activity during the half year has been the Western Victoria Copper Project.

a. **Western Victoria Copper Project (Black Range (EL 4590), Stavely (EL 5425), Mitre (EL 4973), Cherrypool (EL 5426) & Glenlyle (ELA 5497))**

The Eclipse prospect is one of four porphyry targets identified by Navarre within its 100%-owned Western Victoria Copper Project. The Project captures multiple, largely untested targets in 130 kilometres of Miga Arc volcanics. The Miga Arc is recognised as a continental margin arc setting like the Andes, host to the world's largest known copper porphyry deposits.

As announced on 5 December 2013, Navarre commenced its field season with an Induced Polarisation (IP) geophysics survey over the Eclipse prospect. The 3D survey was aimed at delineating primary copper and gold mineralisation associated with a predicted porphyry beneath a surface geochemical footprint of 1,000m by 500m. The survey was completed in December 2013.

Preliminary results of the survey indicate three targets to be present: a porphyry target; and two discrete chargeability anomalies interpreted to represent epithermal or breccia pipes.

Subsequent to the half year, the Company announced on 28 January 2014 the commencement of a shallow Reverse Circulation drill program comprising 10-15 drill holes for approximately 1,000 metres aimed at confirming a supergene blanket of secondary copper (chalcocite) mineralisation. Results from the program are anticipated in March 2014.

Regionally 50 exploration targets have been generated from a review of previous work, including geophysical data from the Company's Miga Arc tenements. Field checking, has highlighted 16 priority gold and copper targets. Surface geochemical soil surveys across these priority targets was commenced, with seven confirmed as exhibiting porphyry-style geology with anomalous mineralisation. It is planned to rank and prioritise for follow-up activities the remaining 34 targets in 2014.

On the Stavely licence, 249 soil samples have been taken since January 2013. This work has generated six anomalies warranting ongoing exploration over the Lexington and Pollockdale porphyries.

Navarre has been awarded priority for a mineral exploration licence covering the Glenlyle porphyry-copper and gold prospect. The licence application area adjoins the eastern side of Navarre's Stavely licence.

DIRECTORS' REPORT FOR THE HALF-YEAR ENDED 31 DECEMBER 2013

b. Bendigo North Gold Project (Tandarra (EL 4897))

Following commissioning of the Company's Stawell-based bulk testing facility, the Company has prepared approximately 200 samples from RC residues collected over the past 18 months in readiness for processing for contained gold to help estimate the nugget effect within the Tomorrow line of reef at Tandarra.

The bulk testing program is expected to take several months to complete.

c. Raydarra and Sebastian Gold Projects (EL 4536 & EL 4974)

There was no significant exploration activity undertaken during the half.

d. Landsborough Fault Gold Project (Kingston (EL 5280) & Glendhu (EL 5380))

There was no significant exploration activity undertaken during the half.

e. Stawell Corridor Gold Project (Ararat (ELA 5476) & Tatyoon (ELA 5480))

Navarre was awarded priority over two mineral exploration licences covering the historic Ararat Goldfield and its possible southern extension located under shallow basalt cover at Tatyoon.

Subsequent Events

There were no significant matters that arose subsequent to 31 December 2013 and up until the date of this report.

3. OTHER MATTERS

Share Issues

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE HALF-YEAR ENDED 31 DECEMBER 2013

NOTE 1: CORPORATE INFORMATION

The financial report of Navarre Minerals Limited ("Navarre Minerals", or the "Company") for the half-year ended 31 December 2013 was issued on 11 March 2014 in accordance with a resolution of the directors.

Navarre Minerals Limited is a company limited by shares incorporated in Australia. The Company's shares are publicly traded on the Australian Securities Exchange (ASX).

The nature of operations and principal activities of the Group are described in Note 3.

NOTE 2: BASIS OF PREPARATION AND ACCOUNTING POLICIES

(a) Basis of Preparation

This general purpose financial report for the half-year ended 31 December 2013 has been prepared in accordance with AASB 134 "Interim Financial Reporting" and the Corporations Act 2001.

The half-year financial report does not include all notes of the type normally included within the annual financial report and therefore cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of the consolidated entity as the full financial report.

It is recommended that the half-year financial report be read in conjunction with the annual report for the year ended 30 June 2013 and considered together with any public announcements made by Navarre Minerals Limited during the half-year ended 31 December 2013 in accordance with the continuous disclosure obligations of the ASX listing rules.

Australian Accounting Standards and Interpretations that have recently been issued or amended, but are not yet effective, have not been adopted by the Company for the reporting period ending 31 December 2013.

Other accounting policies and methods of computation remain the same as those adopted and disclosed in the most recent annual financial report.

NOTE 3: SEGMENT INFORMATION

The Group's reportable segment is confined to mineral exploration only.

DIRECTORS' DECLARATION

In accordance with a resolution of the directors of Navarre Minerals Limited, I state that:

In the opinion of the Directors:

- (a) The financial statements and notes of Navarre Minerals Limited for the half year ending 31 December 2013 are in accordance with the *Corporations Act 2001*, including:
 - (i) Giving a true and fair view of the consolidated entity's financial position as at 31 December 2013.
 - (ii) Complying with Accounting Standard AASB 134 'Interim Financial Reporting' and *Corporations Regulations 2001*.
- (b) There are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

On behalf of the Board

INDEPENDENT AUDITOR'S REVIEW REPORT
TO THE MEMBERS OF
NAVARRE MINERALS LIMITED

Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Navarre Minerals Limited which comprises the condensed consolidated statement of financial position as at 31 December 2013, the condensed consolidated statement of comprehensive income, condensed consolidated statement of changes in equity and condensed consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the half-year end or from time to time during the half-year.

Directors' Responsibility for the Half-Year Financial Report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2013 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of Navarre Minerals Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Navarre Minerals Limited, would be in the same terms if given to the directors as at the time of this auditor's review report.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Navarre Minerals Limited is not in accordance with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2013 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and *Corporations Regulations 2001*.
